Young Woman's Way of Getting Off Train at Augusta

As the Eastbound C. and O. train, due here at 10 o'clock yesterday morning, was nearing Augusta, a serious accident happened.

At Weilsburg a rustic-looking young women boarded the train.

As Augusta was approached the Brakeman, as customary, passed through the car in which she was seated and cailed out, "Augustai" going on to the next car.

The young woman followed him out of the car, apparently unobserved by him, and either feil or stepped off the platform, with the train going fully fifteen miles an hour.

Her name could not be learned; but THE LEDGER informant says her arm was broken and she was otherwise seriously injured.

As this was probably the poor girl's first tr'p on a railway, she may have thought it the proper caper to get off the train just as soon as the

LUCKY ESCAPE

A Chicago Man Wanted to See the Wheel Go Round

Mesers. Simon and N Suloman, brothers of Chicago, have been in the city for several days selling ladies' ailk walsts.

Sunday being a duil and monotonous day they concluded to while away a few dragging hours by crossing over to Aberdeen and taking a stroli through that pretty little village.

Whlie aboard the Laurance they wandered back to the rear of the bont. Simon, boing of an inquisitive turn, climbed up the side of the water hox inclosing the wheel and protruded his head over in order to watch the wheel revoive, unconscious of the fact, however, that a large wooden beam, a section of the rudder to which is attached the tilier wire, swings back and forth at the dictation of the pilot, with a play of only several inches where the gentieman had his head. Fortunately Captain Clephane gave the wheel a very slight turn, but it was sufficient to ciamp hie neck in a vice-ilke grip.

His cry of despair was heard by Mr. George Ciephane, who clerks at the Bee Hive, and running forward gave the alarm which undoubtedly saved the man's life.

Had Captain Clephane in the pilot house given the wheel a full turn, as is frequently the case, Church of which he is a valued member.

the man would have been beheaded as clean as if done with a cleaver. Simon returned to the Kontucky Hotel and it was several hours before

ho recovered from his nervousness and fright.

This is the second time that marvelous escapes have been made; possibly the next time, being the third, the head caught by the beam will drop into the river.

Declares Vinol is the Best Cod Liver Oil Preparation.

There has been a good deal of discussion in Maysville regarding the merits of cod liver oil preparations, and whether or not cod liver oil and emulsions that upset the stomach have any medicinal virtue; therefore, the following letter from M. A. Cassidy, Superintendent of Schools, Lexington, Ky., will be read with interest:

"I am pleased to state that after having used and tested the different cod liver oll preparations on the market, I find Vinol to be far superior to them ali. It is palatable and pieasant to the taste, in fact, the oily, fishy taste of cod liver oil is done away with entirely, and the curative and strengthening properties of Vinol are truly remarkable.

"Vinol built up my system, strengthened my nerves and made a new man of ms, and I heartly indorse it as the most efficacious and agreeable cod liver oil preparation on the market."

Our local druggist, Mr. John C. Pecor, when asked his opinion in regard to Vinoi, repiied: "We firmly believe Vinoi to be the hest preparation of cod liver oil, therefore, the greatest strength-creator and health-restorer known to medicine today. We have nover sold anything In our store equal to Vinol to build up the system, strengthen the nerves, cure indigoation, chronic coughs, colds, bronchitis and incipient consumption, or to make growing children rohust and give strength and vigor to the aged, and to make the wank strong and the sick well.

"It is for this reason that we offer to give back the money in every case where it fails.' JOHN C. PECOR, Drugglst.

years ago.
"The psoriasis first made its appearance in red spots, generally forming a circle, leaving in the center aspot about the size of a silver dollar of sound flesh. In a short time the affected circle would form a heavy dry scale of a white silvery appearance and would gradually drop off. To remove the entire seales by bathing or using oil to soften them the flesh would be perfectly raw, and a light discharge of bloody substance would ooze out. That scaly crust would form again in twenty-four hours. It was worse on my arms and limbs, although it was in spots all over my body, also on my scaip. If I let the scales remain too long without removing by bath or otherwise, the skin would crack and bleed. I suffered intense itching, worse at nights after

SEA LION ACTORS

Prof. Winston's Group of Trained Sea Lions With Robinson Shows

In the agnatic division of the John Robinson In the aquatic division of the John Robinson
Shows will be found as fine a group of Arctic seals as the show world affords, and In addition to their value as a specimen in the big collection in the menagerie, they are very potent factors in the makeup of the arenic program, for they have received at the hands of their trainer, Captaln Winston, a thorongb education, and their excellent performance has elicited much praise from the press of our sister cities.

These actors of the sea, awkward as they appear floundering out of water, do some remarkable stunts in balancing and juggling, and it is reported that much professional jewlonsly exists between them and their human competitors for first recognition. All days look like Friday to them, for they subsist entirely on fish, and woe be to the contractor ahead who fails to provide a goodly quantity of the finny tribe each day. for these Arctic thespians refuse point blank to perform a single trick without an assurance that they are to receive an ample portion of fish as a reward at the end of each act.

The big Show will exhibit here on Monday,

The readers of this paper will be pleased to leas n that there is at least one dreaded disease that science has been able to cure lu ali its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby de stroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its ourstive powers that they offer One Hundred Dollars for any case that it falls to cure. Send for list of tes-
